

Services Overview

Vivitec delivers end-to-end technology solutions that combine strategic vision with hands-on execution. From AI transformation and cybersecurity to managed IT services, we partner with organizations to build resilient, future-ready technology foundations.

OUR CORE CAPABILITIES

AI Services

Accelerate AI adoption with strategy, implementation, and managed operations. We bring Microsoft Copilot and custom AI solutions to life.

- AI-Now Accelerate (rapid Copilot deployment)
- AI-Ready Foundation (data & compliance prep)
- Managed AI Operations

Cybersecurity

Proactive security programs that protect your organization while enabling productivity and innovation.

- Security Posture Assessments
- Managed Detection & Response
- Compliance & Governance

Managed IT Services

Reliable, responsive IT support and infrastructure management so your team stays productive.

- 24/7 Help Desk & Support
- Cloud Infrastructure Management
- Strategic IT Planning

Strategic Consulting

Technology roadmaps, vendor optimization, and business transformation guidance tailored to your goals.

- IT Strategy & Planning
- Cloud Migration & Optimization
- Technology Due Diligence

Let's Build Your Technology Roadmap

Every engagement starts with understanding where you are and where you're going.
